Dear alumni and friends,

We are honored to receive this generous challenge gift of \$1 million from Cynthia Heath.

Cynthia, and her late husband, David, have been a leading supporter of the Washburn University School of Law and Washburn University for many years, and with this commitment, she will help ensure we can provide a 21st century environment that matches the superior legal education provided to our students. As a challenge for all alumni and friends, Cynthia will match dollar for dollar each new or increased gift to the building campaign, up to \$1 million. She hopes her gift will inspire others to give to the building fund.

As we recruit students and faculty to the law school, we need to ensure we have adequate spaces for them to research and learn, study in small groups, and practice in courtrooms. While she is not a graduate of the law school, Cynthia knows the importance the school plays for the overall University, and she understands the importance of the caliber of the education provided by Washburn Law and how it impacts our future legal community in Kansas.

It is our hope that you will accept Cynthia's challenge with a new or increased gift to the School of Law building. Together, we will make this new building a reality so it can enhance the exceptional education of our law students.
